“Robotic Arm Edge”

Carson, CA January 29, - - - Riding the wings of the award winning Robotic Arm Trainer, OWI has made robotic arm technology more affordable without compromising quality. With ***Robotic Arm Edge***, command the gripper to open and close, wrist motion of 120 degrees, an extensive elbow range of 300 degrees, base rotation of 270 degrees, base motion of 180 degrees, vertical reach of 15 inches, horizontal reach of 12.6 inches, and lifting capacity of 100g. WOW! Some of the added features include a search light design on the gripper and a safety gear audible indicator is included on all five gear boxes to prevent any potential injury or gear breakage during operation. How does this equate to fun? Total command and visual manipulation using the 5s: five switch wired controller, five motors, and five joints. Night time play is possible and extended life on the gearbox to prolong your control and predictions of the robot's behavior.

Easy to follow instructions with detailed graphic illustrations pave the way for successful and satisfying kit building. For almost 3 decades, OWI continues its pursuit to satisfy educational instructors and the most discriminating parents. ***Robotics Arm Edge*** is recommended for ages 12 and up, but will challenge the beginner engineering enthusiasts.

Suggested selling price: \$ 53.95 USD
